Fees and commissions paid to Affinia

Initial commissions paid to Affinia

Affinia may receive initial commission from the product providers if you decide to purchase a product I recommend. The amount of initial commission is calculated as a percentage of the funds you invest and / or the premium paid by you. The commission is deducted from the amount invested or paid by the Insurer when you purchase the insurance.

Initial commissions, where permitted by law, are calculated as follows:

- Life Insurance Investments, Managed Investments, Superannuation, IDPS products: between 0% - 5% (GST inclusive) of your investment amount; or
- Life Insurance risk products: between 0% - 130% (GST inclusive) of the premium that you pay.

Ongoing commissions paid to Affinia

Ongoing commissions may be deducted regularly from your investment for the length of time that you hold the product. They are usually paid to Affinia by the product provider out of the revenue the product provider earns. In some cases, they may be deducted from your investment.

Ongoing commissions, where permitted by law, are calculated as follows:

- Life Insurance Investments, Managed Investments, Superannuation, IDPS products: between 0% - 3% (GST inclusive) of your investment amount; or

- Life Insurance risk products: between 0% and 33% (GST inclusive) of the renewal premium.

For example, if an insurance product is recommended and you pay a premium of \$500, then the total "upfront" commission paid by the product issuer to Affinia will be between \$0 and \$650. Thereafter, the "ongoing" commission paid to Affinia will be between \$0 and \$165 (assuming there is no change to the premium you pay in subsequent years).

The exact amounts of fees and charges and initial and ongoing commissions for the products you have purchased as a result of my recommendation to you will be detailed in your Statement of Advice.
